Daniel believes families are a living masterpiece. Life is short; your family's story passes quickly. Children grow up and in a blink of an eye they are off starting their own chapter in life. These blessings in life can easily pass us by.

Daniel's passion is helping clients to see and remember these blessings. The beauty and charm, the joy and laughter, the love and grace of a family. By creating these exquisite art pieces, he creates living art of your family. Daniel creates family heirlooms.

## Why Daniel Doke' Legacy Dance Photography: The new face of dance portraiture

Daniel Doke Dance photography is changing the face of dance. We don't take a one-size-fits-all approach to photography. Our photographers capture the spirit of each individual dancer, resulting in high quality portraits that the parents are thrilled to have. A Daniel Doke portrait will end up in a frame not thrown into a drawer.

Parents and students have all become use to the stale dance picture formula: stand here, sit up straight, smile, click. This results in stiff pictures that are a let down year after year. Daniel through his experience brings the look to another level.

Here's how we capture the Daniel Doke spirit in our dancers

**Talent:** Our photographers are REAL photographers. With great instincts and experience with dance, weddings, portraits and much more. They understand lighting, posing and expressions. Our photographers understand that, most importantly, they need to form a connection with each dancer, and create an environment in which they feel comfortable and express themselves to show off their true spirit. We can do the traditional pre-pay envelopes or our convenient online ordering system. Parents and students can view all the photos online and order through our website. They can share the online password-protected gallery with other family members, If a parent needs assistance or has a question, they can feel free to call us! 978-664-3811

**Quality:** Our product is what one would expect from professional studio portraits: gorgeous photographs in a wide variety of expressions and poses on both a traditional background as well as a beautiful outdoor setting. We offer all of this at the dance photo prices the parents are use to.
